Subject: Tower Standard S2C2 presentation

Hello Kristin and Dee,

We are hoping to schedule a presentation with you and EPA to see the S2C2 presentation the week of January 30, 2017.

This would be a great opportunity to start up our discussions again by looking at the data and having a visual depiction of what is occurring at Tower Standard.

We always start looking at schedules for this type of presentation by looking to see what dates the contractor is available. Bristol and S2C2 are available on January 30th. Could this date work for you two?

Sherry
